---

## Imiquimod 5% Topical Cream Packet

### DIRECTIONS FOR APPLICATION:

Apply to the affected area(s) Monday through Friday for 6 weeks. Please call with any questions.

- Puncture packet with pin or cut off corner.
- Store open packet in zip top bag.
- Apply small amount (mini-chocolate chip) of medication to right lateral temple once daily. Rub in thoroughly. Leave medication on for 8-10 hours. Then gently wash area with soap and water.
- Redness irritation, and tenderness are normal and expected.
- If you develop pain, blistering, fatigue, or joint/muscle aches, stop the medication and call the office.

*We want you to have an outstanding result. If you have any questions or unexpected concerns, please call the office for assistance.*
